Coding C++

```cpp
1  //LARIZA, JOHN GEMEINHARDT I.
2  //ACT#3 (GROUP ACT)
3  //IT2I
4  //DATASTR
5
6  #include <iostream>
7  using namespace std;
8
9  int main() {
10     int hours, minutes, totalMinutes;
11
12     cout << "Input hours: ";
13     cin >> hours;
14
15     cout << "Input minutes: ";
16     cin >> minutes;
17
18     totalMinutes = (hours * 60) + minutes;
19
20     cout << "Total: " << totalMinutes << " minutes" << endl;
21
22     return 0;
23 }
24
```

Compile Result

```
Input hours: 7
Input minutes: 13
Total: 433 minutes
